Dear Patrick Reuter:

The Chicago Athenaeum: Museum of Architecture and Design and The European Centre for Architecture Art Design and Urban Studies are pleased to inform you that the following has received The International Architecture Award for 2019:

• **Constructive Contradictions: House in Riehen**

The International Architectural Awards are the highest and most prestigious distinguished building awards program that honor new and cutting-edge design worldwide. This annual program, organized by both our institutions, also promotes international architecture and design to our public audience globally.

This year, the Museum received a record number of projects for new buildings, landscape architecture, and urban planning from the most important firms practicing globally.

The 2019 Jury was held in Vilnius, Lithuania and over 100 projects were selected from a shortlist of 380 by a distinguished jury of Lithuanian architects. (see attached link)

A full list of winning projects for 2019 is attached and can be viewed soon at our Museum's website at www.internationalarchitectureawards.com, www.chi-athenaeum.org or at www.europeanarch.eu.

On Friday, September 13th, 2019, The Chicago Athenaeum, together with The European Centre for Architecture Art Design and Urban Studies, will open a special exhibition and reception of all awarded buildings at our annual symposium, "The City and the World" at The Contemporary Space Athens.

For the exhibition, we are requesting 1-2 photographic panels per project, which can be either sent to the Museum or printed in Athens. Please see attached Exhibition Form. (all forms are downloadable on the link below)

Materials for the exhibition are due by September 3rd, 2019.

After the Reception, that same evening there will be a special Awards Presentation Gala Dinner in Athens for the official presentation of the International Architecture 2019 Awards.

We would be delighted if you and members of your office could attend. Ticket information is attached. Please see attached ticket information (see link below).

After Athens, the exhibition is scheduled to travel inside Europe.

All buildings and urban planning projects selected this year are also published included in a special issue of *Global Design + Urbanism* XVII. "New International Architecture."

Attached is order information about the book.

You may announce the 2019 International Architecture Award for your project in your press, promotion, marketing materials, and website.

The Chicago Athenaeum allows the use of the Museum's International Architecture Logo on your website or for your marketing, literature, advertising, and promotional materials.

There is no license fee for this use.

For more details about the Logo or about the Gala Awards Dinner in Athens, please contact Ms. Konstadina Geladakis konstadina@europeanarch.eu

The deadline for the 2020 International Architecture Awards is December 1, 2019.

Again, we congratulate you for receiving this very prestigious global award for the best new international architecture for 2019.

Sincerely yours,

Christian Narkiewicz-Laine
Museum President
THE CHICAGO ATHENAEUM
