

COVID-19

The latest information about COVID-19. [Read More](#)

Dear Alumni,

As you receive this digital newsletter, we are in our third week of working remotely and our second of online instruction for our students. How our world and lives have changed in such a short time—as have yours.

We've modified this newsletter to bring you stories of 'Canes rising to the challenge. We are excited to bring you a range of ways to keep you and your family engaged during this time.

Also, there's information about The U Responds, our emergency response fund, as well as [new incentives for charitable giving](#) as part of the federal stimulus package.

Since our founding in 1925, this university has demonstrated its resilience in the face of challenge. We know we will emerge stronger, with an even greater sense of purpose. In the meantime, stay safe and healthy. We're all in this together.

Go 'Canes.

COVID-19 UM RESPONSE

President Frenk shares insight on COVID-19

President Julio Frenk, a global public health expert who has weathered previous pandemics, offers his unique perspective on what to expect during the COVID-19 situation.

Medical researchers developing rapid diagnostic test for COVID-19

The new test is being developed by Miller School of Medicine researchers in collaboration with Heat Biologics.

Responding to students in the midst of the crisis

Dr. Pat Whitely, vice president for student affairs, puts the needs of her students first.

The U Responds

Many have asked how you can help. Through The U Responds, you can support students, research, care for patients and frontline health care workers, and benefit from new tax incentives.

Alumnus is on a mission to serve patients

As the lead medical officer aboard the USNS Mercy, John Rotruck oversees medical support the hospital ship will provide during the pandemic.

UHealth, Miller School: On the front lines and in the labs

As the University of Miami Health System implements measures to slow the spread of COVID-19, Miller School of Medicine researchers are working on a vaccine.

DIGITAL CONNECTIONS

Learn

From free online courses to digital libraries, the U offers many learning opportunities. Sign up for a class today.

Explore

Let us bring the arts to you—check out #loweonthego, Friday Nights @ Frost and other enriching digital offerings from the U.

Stay well

During challenging times, taking care of ourselves is priority #1. University experts and alumni are here to help with nutrition tips, online meditations, and more.

Connect

Connect with fellow 'Canes and find support for your career or business while social distancing.
