

Health care with a difference.

Student Health Plan | University of Miami | 2017 - 2018

## Thank you for considering UnitedHealthcare as your provider of health benefit coverage.

We know you want the best benefit coverage with the fewest obstacles between you and your health care. Here are some of the ways becoming a UnitedHealthcare member may help.

### The Counseling Center

The Counseling Center offers a variety of services to students, including short-term psychotherapy, individual and group, career and educational counseling, and assessment services to assist students in their educational and career decisions. For appointments and more information, please call **305-284-5511**.

### Large national network.

Our network is one of the largest in the nation, with **840,000 doctors** and **5,700 hospitals**. So chances are your regular doctor already participates with us. It also means that wherever you are in the country, you'll be able to find a network hospital and get the same benefit coverage level you find at home.

With a nationwide network, your benefit coverage travels with you:

- ▶ **840,000 doctors**
- ▶ **5,700 hospitals**
- ▶ **60,000 pharmacies**
- ▶ **57,000 counseling and mental health practitioners**

### Eligibility.

All domestic students actively enrolled in six or more credit hours per semester, or considered full time (in a program requiring documentation of health insurance coverage; exceptions listed at **[www.miami.edu/student-health](http://www.miami.edu/student-health)**) are eligible and may participate in the plan on a voluntary basis. All international students, regardless of credit load, are required to be insured under the policy.

Students must actively attend classes for at least the first 31 days (unless an official medical withdrawal has been approved by the Student Health Service) after the date for which coverage is purchased. Nondegree-seeking, noncredit courses, home-study correspondence, internet and television classes, and evening or weekend-only programs or courses do not fulfill the eligibility requirements.

### Student Health Service

This benefit plan is designed to be used in conjunction with the services of the Student Health Service. To obtain the greatest level of benefits, you will need to use the services of the Student Health Service first, where treatment will be administered or a referral issued. Appointments are available at **[mystudenthealth.miami.edu](http://mystudenthealth.miami.edu)**. However, in the case of a medical emergency, maternity, when away from campus or when the Student Health Service is closed, you can seek care directly from any doctor in UnitedHealthcare's network.

UnitedHealthcare maintains its right to investigate student status and attendance records to verify that the policy eligibility requirements have been met. If UnitedHealthcare discovers that the policy eligibility requirements have not been met, it may discontinue coverage and its only obligation is refund of premium.

International visiting scholars, or other people with current passports and student visas, temporarily located outside their home country who have not been granted permanent residency status while engaged in educational activities at the university, WJH Students and Intensive Language students are eligible to be insured under the policy.

### Effective and termination dates.

The Master Policy on file at the school becomes effective August 15, 2017.

Coverage becomes effective on the first day of the period for which premium is paid. The Master Policy terminates August 14, 2018. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier.

You must meet the eligibility requirements listed herein each time you pay a premium to continue insurance coverage. To avoid a lapse in coverage, the premium must be received within 14 days after the coverage expiration date. It is the student's responsibility to make timely renewal payments to avoid a lapse in coverage. The policy is a nonrenewable, one-year term policy.

Information on automatic charge of insurance premium for eligible students and waiver of insurance fee is available at [miami.edu/student-health](http://miami.edu/student-health).

## When you need care... where you should go.

### Primary care physician.

If it's not urgent or an emergency, it's usually best to go to your own doctor's office. Your doctor knows you and your health history, can access your medical records and provide follow-up care or recommend a specialist.

### Urgent care center.

When your primary care physician is unavailable consider an urgent care center (local listing available at [www.miami.edu/student-health](http://www.miami.edu/student-health)) to treat minor ailments such as:

- ▶ Sprains.
- ▶ Small cuts.
- ▶ Strains.
- ▶ Sore throats.
- ▶ Minor infections.
- ▶ Rashes.

### Emergency room care.

At the emergency room (ER), serious and life-threatening conditions are treated first. Other cases must wait—sometimes for hours. And, it may cost you more. Consider the ER for conditions such as:

- ▶ Heavy bleeding.
- ▶ Large open wounds.
- ▶ Sudden change in vision.
- ▶ Chest pain and difficulty breathing.
- ▶ Major burns or broken bones.
- ▶ Spinal injuries.
- ▶ Severe head injury.

University of Miami's Student Health Service providers are available to assist you after hours and can be reached at **305-284-9100**.

## Summary of benefits – UnitedHealthcare Benefit Plan.

With this plan, you will receive the highest level of benefits when you seek care at the Student Health Service, or when referred to a network physician, facility or other health care professional. You will also receive a higher level of benefits when you seek care at UHealth facilities. In addition, you do not have to worry about any claim forms.

You also may choose to seek care outside the network. However, you should know that care received from a non-network facility, physician or other health care professional means a higher deductible, copayment and coinsurance. In addition, if you choose to seek care outside the network, UnitedHealthcare only pays a portion of those charges, and it is your responsibility to pay the remainder. This amount you are required to pay, which could be significant, does not apply to the out-of-pocket maximum. We recommend that you ask non-network physicians or health care professionals about their billed charges before you receive care.

### Important words to understand.

**Copayment** – a fixed dollar amount you pay when you receive certain types of network care.

**Annual Deductible** – the amount you must pay before your medical plan pays.

**Coinsurance** – after you meet your deductible, the medical plan pays a percentage of the covered cost of some services and you pay the rest. Your share is called coinsurance.

**Out-of-Pocket Maximum** – you share expenses until you reach a yearly limit on how much you have to pay.

**Network vs. Non-Network** – Network means you receive care from a doctor, specialist, hospital or other provider or facility that participates in a medical plan's network. Non-network means you receive care from a provider who is not in the network. Your deductible, coinsurance limit and out-of-pocket costs are higher for non-network care.

**Eligible Expenses** – the amount we will pay for Covered Health Services, incurred while the Policy is in effect, are determined as stated below.

For Network and Student Health Service Benefits, Eligible Expenses are based on either of the following:

- ▶ When Covered Health Care Services are received from Network providers, Eligible Expenses are our contracted fee(s) with that provider.
- ▶ When Covered Health Care Services are received from Non-Network providers as a result of an emergency or as otherwise arranged by us, Eligible Expenses are billed charges unless a lower amount is negotiated.

For Non-Network Benefits, Eligible Expenses are based on the following applicable criteria, to the extent available, and in the order of priority as identified below:

1. Fee(s) we are able to negotiate with the provider, such as the Shared Savings Program;
2. 110% of the published rates allowed by Medicare for the same or similar service;
3. 50% of the billed charge.

\*Check your benefit plan documents to verify your coverage levels.

## Pharmacy management program Plan 060.

UnitedHealthcare's pharmacy management program provides clinical pharmacy services that promote choice, accessibility and value. The program offers a broad network of pharmacies (more than 60,000 nationwide) to provide convenient access to medications. While most pharmacies participate in our network, you should check first. Call your pharmacist or visit our online pharmacy service at myuhc.com. The online service offers the ability to view personal benefit coverage, access to health and well-being information, and even locations of network retail neighborhood pharmacies by ZIP code.

### Copayment per prescription order or refill.

Your Copayment is determined by the tier to which the Prescription Drug List Management Committee has assigned the Prescription Drug Product. All Prescription Drug Products on the Prescription Drug List are assigned to Tier 1, Tier 2, Tier 3 or Tier 4. Please visit myuhc.com, or call the Customer Care number on your health plan ID card to determine tier status.

For a single copayment, you may receive a Prescription Drug Product up to the stated supply limit. Some products are subject to additional supply limits. You are responsible for paying the lower of the applicable copayment or the retail network pharmacy's usual and customary charge.

Also note that some Prescription Drug Products require that you notify us in advance to determine whether the Prescription Drug Product meets the definition of a Covered Health Service and is not experimental, investigational or unproven.

Due to Health Care Reform law, Oral Contraceptive Pills placed in the UnitedHealthcare Tier 1 Formulary will be covered at 100 percent.

Specialty Medications must be obtained through the OptumRx® Specialty Pharmacy Program. Please call **1-888-739-5820** for more information.
