Re-Imagining the Hospital after COVID-19

Organized as part of a seminar and healthcare design studio led by Professor Joanna Lombard in the University of Miami School of Architecture in collaboration with Dr. Steven G. Ullmann, Director of the Center for Health Management and Policy in the Miami Herbert Business School, each panel features a conversation among healthcare leaders who will discuss their observations and experiences in relation to their work in and with hospitals amidst COVID-19 conditions. Structured with opening remarks, discussion among the panelists with the moderator, questions from the audience, and panelists' closing remarks, this series provides invaluable first-hand insights to students and faculty, business, design, and health professionals.

RE-IMAGINING THE HOSPITAL AFTER COVID-19: HEALTHCARE LEADERSHIP SERIES

Monday
August 24, 2020
3:00 - 4:00pm

COVID-19: Transmission, Treatments & Outcomes

Lilian Abbo
Amy Compton-Phillips

Lilian Abbo, MD, FIDSA, is Chief for Infection Prevention and Antimicrobial Stewardship at Jackson Health System (JHS) and Professor of Infectious Diseases at the University of Miami Miller School of Medicine. She has been leading the Infectious Diseases pandemic efforts for COVID19 at JHS, the largest county hospital and health system in Florida. Co-author of over 200 peer-reviewed publications and book chapters/monographs, she is an internationally renowned speaker in the areas of antimicrobial stewardship, antimicrobial resistance and transplant associated infection. She is currently a Fellow of the 25th Executive Leadership in Academic Medicine Program for Women at Drexel University College of Medicine class of 2019-2020.

Amy Compton-Phillips, M.D., Executive Vice President and Chief Clinical Officer for Providence St. Joseph Health (PSJH), is an internationally respected health care executive, innovator, speaker and author. At PSJH she is responsible for improving health, care and value outcomes delivered by the 51 hospitals, 800+ clinics, and 115,000 caregivers of the $25 billion health system. Prior to joining Providence in 2015, she served 22 years with Kaiser Permanente. A board certified internist, with strong interests in innovation and wellness, she began as a front line internist, and through a succession of roles spent her last years there as chief quality officer with her primary focus on improving health care value at scale.

COVID-19: Current Impacts on U.S. Hospitals

Erik Wexler
David Zambrana

Erik Wexler, Chief Executive, Providence St. Joseph Health Southern California, is highly regarded as an innovative leader of the region’s largest health care provider with 13 hospitals and 60 physician offices in Los Angeles, Orange and San Bernardino counties. He joined Providence in 2016 after serving as former chief executive for Dallas-based Tenet Health care’s Northeast Region with operations in Massachusetts, Pennsylvania and Illinois in a system that included two academical medical centers, two tertiary care teaching hospitals, five community acute care hospitals and two health plans. He previously worked with Nashville-based Vanguard Health System, and was senior vice president of LifeBridge Health System in Baltimore.

David Zambrana, PhD, Executive Vice President, Hospital Operations, Jackson Health System, is renowned for his commitment to healing and community. He served as chief nursing officer at Tenet hospitals before his appointments first as COO and then as CEO of University of Miami Health (UMH). His leadership includes direct experience in cardiac surgery intensive care, trauma, and pediatric intensive care which contributed to his mission-driven approach in his work at JHS, one of the nation’s largest public health systems. In his current position as EVP of Hospital Operations he is dedicated to ensuring JHS’s goal to provide quality care to every Miami-Dade resident who walks through its doors.

COVID-19: Current Impacts on Global Hospitals

Elio Jovine
Susanne Nolte-Schoen,
James Young

Elio Jovine, MD, PhD, is Chief of Surgery, AUSL, Bologna Italy and Professor Strafordinario at the Alma Mater Studiorum, at the University of Bologna. Renowned for his many surgical innovations, including a recent worldwide first removal of colon and liver with a Da Vinci series robot, using the “alpps” technique, he was a Research Fellow with Dr. Starzl at the University of Pittsburgh, a Visiting Professor with Drs. Tzakis at University of Miami, Makucchi in Tokyo, and Tanaka in Kyoto before beginning his work at the Univ. of Modena and Reggio Emilia. Author of hundreds of publications, he has served at the frontlines of COVID-19 in Bologna this spring.

Susanne Nolte-Schoen, Dipl.-Kfm., Dr. rer. soc. oec., is Deputy Chair of Schön Klinik, a private hospital group focused on quality and excellence through specialization in mental health, orthopaedics, neurology, surgery and internal medicine with 26 locations in Bavaria, Hamburg, Hesse, North Rhine-Westphalia, Schleswig-Holstein and Great Britain. Chair of the Supervisory Board of Apollo SE, she focuses on management of Schön Klinik and Silto Medical, which develop implants and instruments for use in surgical treatment of the spine, and OT companies in orthotics and prosthetics.

James Young, MD is Cleveland Clinic’s Chief Academic Officer and oversees Research and Education. He was formerly the Executive Dean and is currently a Professor of Medicine and Vice Dean for Academic Affairs of the Cleveland Clinic Lerner College of Medicine of Case Western Reserve University. He is co-founder of the Kaufman Center for Heart Failure in the Heart and Vascular Institute and holds the George and Linda Kaufman Endowed Chair. He is a Fellow of the American College of Cardiology, American College of Physicians, American Heart Association and the European Society of Cardiology.
